

Dear Parents and Caregivers:

It was great to get almost a full week of school in. The students are beginning to settle in to the routines of Northeast. Much information is coming at you with hopes of keeping you informed from my office, the PTA and our beloved teachers. Please take notes of all communications.

I have been in touch with our local police traffic division to assist us during drop off in the morning especially, those parents who unfortunately use Grove Street as an option. Some parents have reported unsafe situations with cars and danger for children who may not exit on the curbside of the street. Please use the morning the morning drop off line or park where permitted on the local side streets.

On Wednesday of this week, myself and our secretary, Diane Pugliese, had to take the temperatures of approximately seventy five students, which required our children to miss instructional time lining up safely in the hall outside my office. Please be reminded that every Monday and Wednesday the Daily Covid-19 form must be completed on those two days prior to your child entering the building. The form is available each day online after 12 midnight. Thank you for your attention to this important matter.

Please place and read all communication received from the school, district and the CDC, this way we all are on the same page as we remain safe and productive serving each other.

I heard this song while traveling yesterday. The message spoke to me as I hope it will speak to you. Enjoy this weekend as I am looking forward to seeing you on Sunday at our scheduled brunch. <https://www.youtube.com/watch?v=k2lmC32pXDw>
