

Northeast Weekly Update 9-24-21

[Here is an excellent article](#) I would like to share with you from the NY times. As this is us... I saw this clip on Sunday morning. This little baby was missing her three brothers as they were always home with her during the pandemic. While at school, she would always look for them as she thought they were hiding from her. What a sweet moment. When our students returned to us, I am sure they had the same reaction. Too cute for words!

This song was played this morning over the speaker as we celebrated our faculty and staff. Teachers and staff all danced in the halls and classrooms.

Lastly, *a gentle reminder*, please do not park in the staff parking lot either for morning drop off or to pick up your child after school. Thank you.
